## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Community Food Share, Inc.  
Louisville, Colorado

We have audited the accompanying financial statements of Community Food Share, Inc. (a nonprofit corporation), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

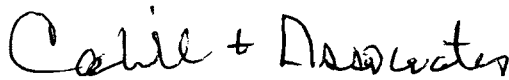

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Community Food Share, Inc. as of June 30, 2017, and its activities, change in its net assets and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**COMMUNITY FOOD SHARE, INC.**  
Notes to Financial Statements  
June 30, 2017

---

**NOTE 1 - ORGANIZATION PURPOSE**

Community Food Share, Inc. (CFS or the Organization), is a Colorado nonprofit corporation. The Organization's mission is to eliminate hunger in Boulder and Broomfield Counties through engagement, collaboration, and leadership. The non-profit food bank distributes food through a network of more than 40 partner agencies as well as onsite and mobile pantries that directly serve low-income families and seniors. Food procurement prioritizes nutritious foods like fresh produce, protein, and dairy. The organization leverages local and national food donor relationships, negotiates significant savings on produce and protein purchases, engages volunteers, and collaborates with a strong network of community partners. CFS relies upon financial support from contributions by individuals, corporations and foundations as well as government grants to support its programs.

**NOTE 2 - SIGNIFICANT ACCOUNTING PRINCIPLES**

**Basis of Presentation**

CFS reports information regarding its financial position and activities according to three classes of net assets: unrestricted, temporarily restricted and permanently restricted. As of June 30, 2017 and 2016, CFS had no permanently restricted net assets.

**Use of Estimates**

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions which affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

**Cash and Cash Equivalents**

CFS considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

**Allowance for Uncollectibles**

Since all accounts receivable and pledges receivable are considered fully collectible, no provision for doubtful accounts has been included in the accompanying financial statements.

**Inventory**

Inventory is comprised of donated and purchased food in stock. Donated food is valued at the average wholesale price per gross pound published by Feeding America, a national food bank distribution network, in its most recent *Product Valuation Survey Methodology*.

**Investments**

Purchased securities are initially recorded at cost; donated securities are recorded as contributions at their fair market value at the date of donation. Unrealized gains and losses are recorded at each balance sheet date for any fluctuations in the investment's fair market value. Investments consist of fixed-income securities, stocks and mutual funds.

**Property and Equipment**

Property and equipment are reported at cost if purchased, or at estimated fair market value if donated. Depreciation is recorded using the straight line method over estimated useful lives ranging from three to ten years for machinery and equipment, forty years for the building, and three to forty years for building components. Gains or losses on the disposition of property and equipment are recorded in the year of sale or retirement. Capital expenditures greater than \$1,000 are capitalized and depreciated over their useful lives.

**NOTE 2 - SIGNIFICANT ACCOUNTING PRINCIPLES (continued)**

**Credit Risk**

Financial instruments that potentially subject the organization to credit risk consist of cash deposits, certificates of deposit, money market funds, US government securities, stocks and mutual funds held at a bank and investment firm.

Bank cash accounts, certificates of deposit and money market funds are held at the primary bank and affiliated financial institutions to achieve full coverage by the FDIC of \$250,000 per account type. Stocks and mutual funds are protected from potential losses attributable to troubled brokerage firms by the SIPC up to \$500,000, with a limit of \$250,000 for cash. In addition the primary financial institution maintains private insurance providing additional coverage beyond the SIPC limitations. US Government securities are direct obligations of the federal government.

As of June 30, 2017 all cash and fixed income securities were protected by the above described coverages while the stock and mutual funds were in excess of the limits by \$30,912. None of the coverages apply to potential losses due to market fluctuations.

**Deferred Revenue**

Deferred revenue consists of advance payments made by donors for special events held from year to year and is recognized in a future period. The Organization had balances of \$47,210 and \$8,900 in the deferred revenue accounts at June 30, 2017 and 2016 respectively.

**Contributions**

Contributions, including unconditional promises to give, are recognized in the period the promise to give is made. Restricted contributions whose restrictions are accomplished in the same fiscal year are reported as unrestricted contributions.

**Donated Food, Equipment, Goods and Materials**

Donated food, equipment, goods and materials that relate to food distribution and administration are reported at their estimated fair market values at the time of receipt.

**Donated Services**

The Organization recognizes the value of donated services that create nonfinancial assets or that require specialized skills provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. The accompanying financial statements do not, however, reflect the value of the significant number of volunteer hours donated.

**Concentration Risk**

CFS is dependent on third-party contributors for the vast majority of the food it distributes. For the year ended June 30, 2017, donations received from the Organization's largest food contributor accounted for approximately 23% of the food it received. A loss of certain principal donors could limit the availability of food for distribution and could have a material adverse effect on the operations of CFS.

**Expense Allocation**

The costs of providing various programs and other activities have been summarized on a functional basis in the Statements of Activities and the Statements of Functional Expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefitted.

**Temporarily Restricted Net Assets and Net Assets Released from Restrictions**

Special purpose donations are accounted for as an increase in temporarily restricted net assets and are to be used only for the purpose, or the time frame, specifically designated by the donor. When a purpose restriction is accomplished or a time restriction has lapsed, temporarily restricted net assets are reclassified to unrestricted net assets.

**NOTE 2 - SIGNIFICANT ACCOUNTING PRINCIPLES (continued)**

**Income Tax Status**

The Organization is exempt from income tax under Section 501(c)(3) of the Internal Revenue Code, and has been classified as "other than a private foundation". Therefore, no provision for income taxes has been made in the accompanying financial statements.

CFS files federal Form 990 - Return of Organization Exempt from Income Tax - with the Internal Revenue Service.

**NOTE 3 - PLEDGES RECEIVABLE**

All receivable are collectible within one year or less. Receivables as of June 30, 2017 consists of the following:

Grants	\$ 50,000
Network for Good	21,850
Corporate Challenge Pledges	68,245
Agency Expense Reimbursements	<u>165</u>
<b>Total</b>	<b><u>\$ 140,260</u></b>

**NOTE 4 - TEMPORARILY RESTRICTED NET ASSETS**

As of June 30, 2017 net assets are temporarily restricted for the following purposes:

Food Acquisition	\$ 125,284
Feeding Families Program	7,500
Backpack Program	<u>13,164</u>
<b>Total Temporarily Restricted Net Assets</b>	<b><u>\$ 145,948</u></b>

**NOTE 5 - BOARD DESIGNATED NET ASSETS**

In order to be proactive in maintaining operations during seasonal cash flow fluctuations and unforeseen declines in revenues, Board policy mandates the designation of 33% of the annual budget as an Operating Reserve. This reserve was \$1,033,276 at June 30, 2017.

The Board has also designated a Capital Reserve to cover the anticipated costs for two years' budgeted equipment acquisitions and building improvements. This reserve was \$120,881 at June 30, 2017.

**NOTE 6 - LEASED FACILITIES**

The Organization leases space in its building that is not currently required for its own operations to a third party. The lease is dated August 22, 2012 and has been extended to expire on December 31, 2018. Monthly lease income is currently \$9,304 plus common area maintenance charges. Total lease income for the years ended June 30, 2017 and 2016 was \$109,228 and \$105,588 respectively. The monthly lease income increases to \$9,946 plus CAM on January 1, 2018.

**NOTE 6 - LEASED FACILITIES** (Continued)

Future rental payments, excluding common area maintenance charges, for the term of the current lease are as follows:

Year Ending June 30, 2018	\$ 115,500
2019	<u>59,676</u>
	<u>\$ 175,176</u>

**NOTE 7 - DONATED FOOD, MATERIALS AND SERVICES**

The Organization recognizes the value of donated food, goods and services in accordance with SFAS No. 116, *Accounting for Contributions Received and Contributions Made*.

CFS accounts for the estimated wholesale value of food donated and distributed based on the number of pounds received and distributed. Approximately 10,100,000 and 8,900,000 pounds of food (excluding purchased food) were distributed for the years ended June 30, 2017 and 2016, respectively. The cost of donated food includes the value of food that is lost due to spoilage. The method used for valuation is based upon the average wholesale value per gross pound as published by Feeding America, a national food bank distribution network, in its most recent *Product Valuation Survey Methodology*. This per pound value was \$1.73 and \$1.67 in 2017 and 2016, respectively.

The value of donated equipment, materials and services included in contributions and the corresponding expenditures classification for the year ending June 30, 2016 are:

Contributions	<u>\$ 9,089</u>
Expenditures	
Professional Services	\$ 7,257
Goods and Supplies	<u>1,832</u>
Total	<u>\$ 9,089</u>

**NOTE 8 - OPERATING LEASE**

The Organization leases a postage meter and a delivery truck under operating leases. Future minimum rental payments under the terms of the leases are as follows:

<u>June 30,</u>	
2018	21,004
2019	20,156
2020	19,308
Thereafter	12,872

Rental expense for the years ended June 30, 2017 and 2016 was \$21,519 and \$21,004 respectively.

**NOTE 9 - INVESTMENTS**

Investments consist primarily of fixed income securities with approximately 27% of the investment total in stocks and mutual funds. Investment income and change in market value is recorded in the statement of activities as follows:

Interest and Dividends	\$ 23,870
Unrealized Gain	<u>20,437</u>
	<u>\$ 44,307</u>

**NOTE 10 - EMPLOYEE BENEFIT PLANS**

**Simplified Employee Pension Plan**

CFS makes discretionary contributions on behalf of eligible employees to a qualified Simplified Employee Pension (SEP) plan. All employees age 21 or over earning a minimum of \$550 and employed by CFS for three consecutive years must participate as a condition of employment. CFS made contributions to the SEP plan totaling \$17,476 and \$35,238 for the years ended June 30, 2017 and 2016, respectively.

**Tax-Deferred Annuity Plan**

CFS also sponsors a tax-deferred annuity plan qualified under section 403(b) of the Internal Revenue Code. Eligible employees may make contributions to the plan up to a maximum amount allowed under the Internal Revenue Code. CFS made no contributions to this plan for the years ended June 30, 2017 and 2016, respectively.

**NOTE 11 - RELATED PARTY**

A board member is the President of a company from which CFS purchases grounds maintenance and landscaping services. The services are provided at a discount. Total expense for the year ended June 30, 2017 and 2016 were \$5,579 and \$11,729 respectively. This contract was not renewed mid-year of fiscal year 2017 and the president of the company is no longer a member of the board.

**NOTE 12 - SUBSEQUENT EVENTS**

Management has evaluated subsequent events through August 8, 2017, the date which the financial statements were available to be issued and found nothing that would have a material effect on the financial statements at June 30, 2017.
