

FARM TO FORK

DINNER BENEFITING COMMUNITY FOOD SHARE

WHAT

Chefs throughout our community will join efforts to create a fresh, locally sourced meal to honor Hunger Action Month. Each chef will be provided with key ingredients—gleaned from local farms. This event will bring awareness to hunger in our community and the sustainability efforts incorporated in Community Food Share's hunger relief efforts. Your support will provide food to hungry community members, and 10% of the net proceeds will be utilized to support local farmers through food procurement.

ABOUT COMMUNITY FOOD SHARE

Community Food Share's mission is to eliminate hunger in Boulder and Broomfield Counties through engagement, collaboration, and leadership. The food bank distributes nearly 10 million pounds of food a year—enough for 22,500 meals a day. In addition to its onsite and mobile pantries, Community Food Share partners with more than 40 local non-profit organizations to distribute groceries and meals. Nearly 80% of the food that Community Food Share provides is fresh produce, dairy, or high-protein, because the organization is committed to meeting the nutritional needs of the families, individuals, and seniors it serves.
