FOOD SHARE

Annual Report

2021

Your support made an impact on the lives of so many this year, in ways that cannot be quantified on paper. In this mere snapshot of your meaningful partnership, we've bundled 2021 highlights by Community Food Share's six core values: nutrition, service with excellence, community partnership, compassion and trust, sustainability, and education and awareness.

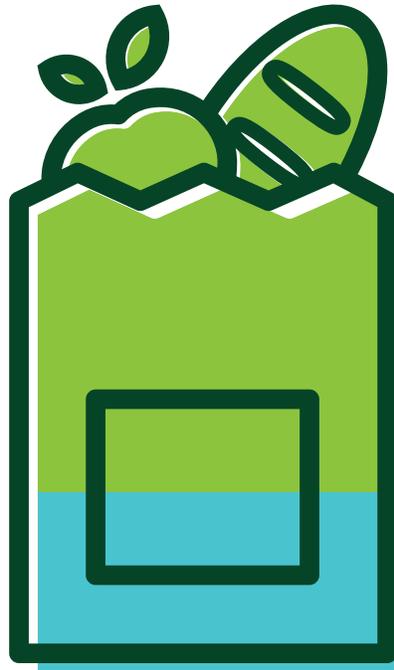

NUTRITION

Pounds of food distributed

12.6m

13%

71%

Fresh produce, dairy, meat, and other proteins

29%

Canned and dry goods, breads, beverages, and non-food items

30,000

Provided enough groceries for 30,000 meals a day

20%

Expanded our warehouse by 20%, including cold storage to hold even more fresh foods

7

Seven staff and community members formed our new nutrition committee

SERVICE WITH EXCELLENCE

All programs resumed the "choice model," allowing participants to select their own groceries.

100% of Partner Agencies reported that our food bank meets or exceeds their customer service expectations in a November survey.

“We appreciate you so very much. Without this service, we would not be making ends meet, but with your generosity — and the kindness and non-judgmental attitude of everyone there — we are making it work and slowly getting our feet under us again.”

– Program Participant

COMMUNITY PARTNERSHIP

\$14.7m

worth of food donated to our network of 40+ food pantries and meal programs — at no cost to them

 22%

1,300

volunteers donated 23,000 total hours

 11 full-time staff

9,183

financial donors supported our mission

 an all-time record

BOULDER STRONG

King Soopers entrusted our food bank with the entire Table Mesa store's inventory in the wake of the mass shooting tragedy. The legacy gift represented the single largest product donation in our history: 17 truckloads.

COMPASSION AND TRUST

As part of our commitment to participant engagement, our new community liaisons interviewed and surveyed participants to learn how we can best meet their food needs and improve food access.

We continued to invest in staff education and growth through diversity, equity, and inclusion training; leadership development; and one-on-one coaching.

SUSTAINABILITY

7.5M

We prevented 7.5 million pounds of food from going to waste.

56%

Our facility is 56% solar-powered; the annual savings in energy costs translate to 161,000+ meals.

3

We added three Garden Share sites and hired a farmer to oversee growing, harvesting, and volunteer engagement.

EDUCATION AND AWARENESS

In a year when grocery prices rose at a record pace, we've added a new service to help community members make their budgets go further: SNAP education, outreach, and application assistance. Our staff helped 100+ households apply!

Community Food Share was featured on BBC World News, VICE News, and in the New York Times — sharing our mission and impact with more people than ever before.

STATEMENT OF FINANCIAL ACTIVITIES

SUPPORT & REVENUE

Contributions	\$4,530,790
Grants	\$4,375,136
